CIVIC THEATRE SMITHURST THEATRE TOWN HALL BICENTENNIAL CREATIVE ARTS CENTRE

THE CIVIC THEATRE

The Civic cinema/theatre was built in 2001 and is situated in the heart of Gunnedah. Patrons to the cinema are able to enjoy The Civics' programming of new releases, art-house and archival films in an intimate atmosphere and luxurious seating. The Civic boasts high-tech digital projection, surround sound and very comfortable seating for up to 134 people.

The Theatre comprises a very well-equipped stage for touring and local theatrical productions and with its superb acoustics it is a popular venue for live music. Informal functions are well suited to the light contemporary space of The Civics' foyer and adjacent Mooki room. Additional meetings and meal rooms are also available within the complex to compliment cinema and theatre functions.
