A twist of fate gives family matriarch June a reprieve from a debilitating illness. Much to their amazement, June re-enters the lives of her adult children, and learns that 'things haven't gone according to plan'. With limited time but plenty of pluck, she sets about trying to put everything, and everyone, back on track

Just as they decide to separate, Linda (Anne Hathaway) and Paxton (Chiwetel Ejiofor) find life has other plans when they are stuck at home in a mandatory lockdown. Co-habitation is proving to be a challenge, but fuelled by isolation and copious amounts of wine, it will bring them closer together in the most surprising way – by hatching a plan to steal a precious diamond from luxury department store Harrods.

Set in Sydney, 1999, after an unlikely encounter at a train station, a young terminally ill girl with an incurable virus befriends a fugitive teenage boy and they travel to visit a moon rock that the girl believes will heal her.

99-year-old Isey lives with her adult son James on their small farm in Kawakawa, New Zealand. They are descendants of Ngāti Manu – the Bird People. Isey is turning 100.
