

FOOD VENDORS 2021 EXPRESSION OF INTEREST INFORMATION

Operated by the not-for-profit Darwin Film Society (DFS), the Deckchair Cinema is Darwin's only independent cinema. The DFS' mission is to provide a unique and alternative cinema experience not readily available through Darwin's mainstream cinemas.

The Deckchair Cinema is an outdoor cinema on Darwin's Waterfront and is considered one of the NT's most unique venues. The Cinema operates 7 nights a week from April to November, screening a diverse range of Australian, foreign, popular, classic and family friendly films. Total attendance for 2019 was just over 50 000 people. In 2020 we opened for 3 out of the usual 4 programs, with a total attendance figure of just over 32 000 people.

This information aims to provide potential food vendors with some guidance about what a food vendor opportunity could mean for you and what Deckchair Cinema expects in return.

WHY WE ARE ADVERTISING FOR A FOOD VENDOR?

The Deckchair Cinema has been operating for more than 20 years.

- 2004 - Catering available one night a week for the first time
- 2009 - Hot food options available every night of the week
- 2020 - 6 different caterers, with Fundraisers organising their own catering for Sunday nights.

The Deckchair's client base continues to demand nightly catering of high-quality dinner options of various flavours. Deckchair wishes to explore the level of interest from the prospective vendor market, particularly those who align with the Deckchair's community engagement approach.

WHAT IS A DECKCHAIR FOOD VENDOR CONTRACT?

A catering contract with the Deckchair Cinema allows the successful applicant to sell hot food between 6.00pm (gates open) and the start of the movie for one (1) night each week. The Deckchair Cinema operating season is from mid-April until mid-November.

As the Deckchair Cinema operates an on-site kiosk for the sale of drinks and pre-packaged snacks, the sale of such items is not permitted under a food vendor contract.

On Sunday nights the Deckchair Cinema is hired by local not-for-profit organisations for fundraising activities, who also provide food for the evening. Fundraising groups can choose a caterer to provide meals for their night, or provide their own food.

WHAT TO EXPECT FROM OUR FOOD VENDOR CONTRACT

In 2020, the nightly capacity of Deckchair was 230 people. Our normal operating capacity is 400, but on average we attract around 200 people per night. Our estimates of the number of people that will purchase a meal is around 25-50% of the total number of tickets sold.

The Deckchair Cinema can be a popular evening venue attracting sell-out crowds; in such cases the Deckchair Cinema may need to add a second food vendor to minimise queues. This second caterer is not limited to providing a dessert option only.

The DFS programs a range of mainstream and alternative films, which can attract smaller audiences of around 40-50 people.

For these reasons, the Deckchair Cinema cannot guarantee minimum or maximum number of sales per week or season, yet food vendors must guarantee supply of a minimum amount of food each night, a variety / variability in their food offerings, as well as the capacity to provide extra food supply for busy nights.

Please note, Deckchair Cinema patrons are also permitted to bring their own food into the Venue.

The Deckchair Cinema also offers all food vendors:

- Onscreen advertising in the Deckchair Slideshow each evening before the film;
- Opportunity to display signage, flyers and business cards for your restaurant / catering business nightly in your service area
- Option of "in-kind" sponsorship of DIFF (providing finger food for Opening Night and/ or Sponsors' Night cocktail parties in exchange for listing (with logo) in the DIFF program as a Supporter along with on-screen advertising during DIFF);
-

- Email notification of ticket presales on the morning of the vendor's catering night. Deckchair will also give notification if there is expected to be a large crowd or the night is likely to sell out.

- Provide at least one vegetarian and one gluten-free option and ensure these are clearly marked as such e.g. (g) and (v). Vegan options are increasingly in demand.

- In the event of family screenings, provide food options suitable for children
- Provide prominently displayed laminated menus or a chalkboard/whiteboard clearly stating meals and prices
